

# Campus Map and Carpool Rules

See map below for our carpool procedure. Your child's division will share more detailed information before school starts. You will be directed to the appropriate school entrance, either Spring Valley Road or Hornet Road off of Midway. For our students' safety, please drop off your child in the designated carpool lanes. Parking spaces can be scarce, so all families are strongly encouraged to use the carpool lines as often as possible.

Please be mindful that construction on and off campus will impact carpool procedures and wait times.
