Financial Aid Forms & Principles

FORMS

1. All **parents and/or guardians**, including those who have never married or are divorced or separated, as well as stepparents, must submit all of the required financial aid application documents in order for their child to be considered for a tuition grant.
2. A completed online Parents' Financial Statement (PFS) at https://aid.ravennasolutions.com/apply. Ravenna Financial Aid generates a Report of Family Contribution (RFC) for Greenhill after analyzing the completed PFS.
3. A complete, signed copy of all **2024 and 2025 Federal Income Tax Forms**, including a copy of all W-2 forms and all accompanying schedules.
4. If a parent/guardian owns a business, a copy of all **2024 and 2025 Federal Business Income Tax Forms** and all accompanying schedules for each business owned. A completed **Profit and Loss Statement** (P&L) may be submitted if taxes are not filed.
5. A copy of all parents'/guardians' **final 2026 paycheck(s)/pay stub(s)**.
6. A **written explanation** of any unusual circumstances that have affected your family's financial situation this year that you would like Greenhill to consider.
7. To simplify the application process, Ravenna Financial Aid has partnered with Tax Status to now safely link your IRS tax data to your application. You may Opt-In for the Tax Status integration instead of manually uploading multiple documents, making the process faster and easier.

PRINCIPLES

We use the following guiding principles to ensure that we distribute awards fairly and equitably:

1. The School considers financial aid as the single most important vehicle to maintain an economically diverse student population.
2. Financial aid is distributed to qualifying families of students in grades prekindergarten through 12. The School strives to meet 100 percent of a financial aid recipient's family need as determined by Ravenna Financial Aid and all other supporting documents.
3. A supplemental support budget exists to enable students to participate in all aspects of school life on an equitable basis.
4. The School recognizes the increasing burden tuition places on middle-income families, and the Financial Aid Committee works to ensure that Greenhill is an affordable option.
5. Families must reapply for financial aid each year.
6. Greenhill gives priority to families who have previously received aid prior to making any new commitments.
7. When a parent does not work and there are no preschool children or aging parents at home, the School assigns an annual income between $20,000 and $60,000 to the nonworking parent/guardian. Level of education of parent is used in determining assigned income amount.
8. All parents and/or guardians, including those that have never married or are divorced or separated, as well as stepparents, must submit all of the required financial aid application documents in order for their child to be considered for a tuition grant.
